

PUBLICATIONS

Original Research:

- Pilot study of Brain Natriuretic Peptide for prevention of radio contrast induced nephropathy after cardiac catheterization. **Role: Principle Investigator & 2nd author**
Dialysis and Transplantation. Volume 37, Issue 5, Date: May 2008, Pages: 168-173
<http://onlinelibrary.wiley.com/doi/10.1002/dat.20218/abstract>

Images in clinical medicine:

- Nephrogenic Fibrosing Dermopathy: **Role: 2nd author**
Scientific world journal, February 2008 Pages 164-165 PMID: 18264634
<http://www.ncbi.nlm.nih.gov/pubmed/18264634>
<http://www.tswj.com/2008/487201/abs/>

Editorial/Commentary:

- Nephrotoxicity of mala fide melamine: modern era milk scandal. **Role: 1st author**
The Scientific World journal 8, 949–950. DOI 10.1100/tsw.2008.134. PMID: 18836663
<http://www.tswj.com/2008/315439/abs/>

POSTERS PUBLISHED AS ABSTRACTS

National Kidney Foundation

April 2011

Las Vegas, NV

- Extra renal Metabolic alkalosis: A teaching point: A case series of metabolic alkalosis from crack cocaine use in dialysis patients
- [http://www.journals.elsevierhealth.com/periodicals/yajkd/article/S0272-6386\(11\)00184-3/abstract](http://www.journals.elsevierhealth.com/periodicals/yajkd/article/S0272-6386(11)00184-3/abstract)

American Transplant Congress

May 2010

San Diego, CA

- Does donor race affect graft survival in DCD/ECD transplantation: Insights from UNOS Database

National Kidney Foundation

March 2009

Nashville, TN

- Called into Question: An inquiry into Nephrogenic Fibrosing Dermopathy

National Kidney Foundation

April 2008

Dallas, TX

- Pilot study of brain natriuretic peptide for the prevention of radiocontrast induced nephropathy after cardiac catheterization *American Journal of Kidney Diseases, Volume 51, Issue 4, April 2008, Page B61*
- [http://www.ajkd.org/article/S0272-6386\(08\)00315-6/abstract](http://www.ajkd.org/article/S0272-6386(08)00315-6/abstract)
- Steroid resistant minimal change disease associated with thymoma. *American Journal of Kidney Diseases, Volume 51, Issue 4, April 2008, Page B62*
- [http://www.ajkd.org/article/S0272-6386\(08\)00316-8/abstract](http://www.ajkd.org/article/S0272-6386(08)00316-8/abstract)
- Nephrogenic systemic fibrosis in a patient with acute kidney injury. *American Journal of Kidney Diseases, Volume 51, Issue 4, April 2008, Page B42*
- [http://www.ajkd.org/article/S0272-6386\(08\)00236-9/abstract](http://www.ajkd.org/article/S0272-6386(08)00236-9/abstract)

- De novo cellular focal segmental glomerulosclerosis associated with sirolimus. *American Journal of Kidney Diseases, Volume 51, Issue 4, April 2008, Page B61*
- [http://www.journals.elsevierhealth.com/periodicals/yajkd/article/S0272-6386\(08\)00313-2/abstract](http://www.journals.elsevierhealth.com/periodicals/yajkd/article/S0272-6386(08)00313-2/abstract)
- Nephrogenic fibrosing dermopathy: Case series of 3 patients in a single center. *American Journal of Kidney Diseases, Volume 51, Issue 4, April 2008, Page B61*
- [http://www.journals.elsevierhealth.com/periodicals/yajkd/article/S0272-6386\(08\)00314-4/abstract](http://www.journals.elsevierhealth.com/periodicals/yajkd/article/S0272-6386(08)00314-4/abstract)

•

National Kidney Foundation

April 2005

Washington, DC

- Comparison of Basiliximab Vs Thymoglobulin as an Induction Agent in Simultaneous Avoidance of Calcineurin Inhibitors and Steroid in Living Related Kidney Transplant
- Steroid Avoidance and Calcineurin Inhibitor (CI) Minimization in Recipients of Cadaveric Donor Renal Allograft (CRA): A Comparative Study. *American Journal of Kidney Diseases, April 2005, Vol. 45, Issue 4, Pages B1,B16*

OTHER POSTERS

ACP-ASIM Meeting-Michigan Chapter

September 2003/04

Traverse City Michigan

- Papillary Muscle dysfunction as a first coronary event (**Finalist**)
- Mitochondrial Myopathy and hypercholesterolemia: A therapeutic challenge
- Post-partum ovarian vein thrombosis presenting as ureteral obstruction. (Published in BMJ case reports 2010:doi:10.1136/bcr.03.2010.2863)

ACP associates meet

May 2009

Sterling Heights, Michigan

- An unusual source of Streptococcus bovis bacteremia.
